

NEW RELEASE

The Jensen MSR2007 and the MSR2107 marine stereos.

This is the future.

Looking identical, these products are a sneak preview of what the future holds for waterproof marine audio. Both the MSR2107 the MSR2007 are 100% waterproof - rated to IPX6 international standards. Extremely compact and stylish these units are designed specifically for boats with limited space, without compromising features. The MSR2007 offers AM/FM radio and iPod interface. With a price tag of \$329 it's great value.

The MSR2107 goes a step further by offering a USB connection. Like the MSR2007 there's no need for CD's, simply connect your iPod or plug in your USB and away you go. Supplied with a 1GB hard drive the MSR2107 allows you to download around 250 songs. You'll never need to risk your iPod or USB out on the water again. At \$449.00 it's also great value and paired with any Jensen speakers they're all you'll need for on the water or outdoor audio.

If you've already got the MSR2107 you'll know that your USB plugs directly into the grey controller box (pictured above right). If you'd like an alternate USB connection take a look at the Jensen JENAUX auxilliary USB plug. The JENAUX (pictured below) can be mounted on any flat surface, such as the dash of a boat or somewhere in the cabin. As the plug is fully waterproof it also suits external mounting on RV's, campervans and outdoor entertaining areas.

The JENAUX also supports iPod connection and will work with any other brand of stereo as long as you have RCA inputs and a USB port on the rear of the stereo.

The Jensen JENAUX is available from your nearest Jensen Marine Dealer or online.

WHAT'S NEWS?

Skeeter Boats installing JENSEN Marine Stereos.

BIGFISH Marine is proud to announce that Skeeter Boats is factory fitting Jensen Marine audio.

*"All the Jensen units look great and they suit our boats nicely. There is a huge range of speakers in a variety of colours and what's more, Jensen is easy to install and the product is **remarkably reliable**. We love dealing with the guys at BIGFISH."* Josh Batterson - MD Skeeter Australia.

Above and below: A Jensen MSR2007 factory fitted into a Skeeter.
